Hi Dustin,

Here are my changes. For the quantum security section, Ray sent me some edits, I'm going to look at them now, and will hopefully send them to you soon. Sorry for the delay...

Thanks!

Yi-Kai,

Here's what you "volunteered" to take a look at:

- The NSA's comment on section 2.B.1 paragraph 3. I believe you wanted to add something
- Section 2.B.1 paragraph 5. Did you want to give any examples of compatibility constructs?
- Any changes to the security section that you and Ray come up with.

Thanks! It'd be nice to have them by the end of the week if possible.

Dustin
