Subject: Poster for ITL Science Day - October 13
Date: Monday, August 29, 2016 1:54:51 PM

The post quantum crypto group is preparing a poster about their project. Lily and I had a short meeting and we think that to have a similar poster for lightweight crypto would be useful, for the visibility of the project.

So, I will make a submission today or tomorrow, including all of our names. I hope you don't object. The poster will be due on sometime beginning of October.

Thanks!

Meltem
