All,

We have updated a portion of the text in [the Call for Additional Signatures](#) regarding the signed intellectual property statements. Previously, NIST has required the signed intellectual property statements specified in Section 2.D to be mailed in. NIST can now accept digitally signed (or digitally scanned) versions of the intellectual property statements. The entire submission package can be sent as email to:[pgc-submissions@nist.gov](mailto:pgc-submissions@nist.gov). Alternatively, it can be mailed in or given to us at an in-person event.

Let us know if you have any question about this.

Dustin Moody
