Sara,

Someone noticed that in one of our documents posted on the webpage, we need to make a small fix:

<http://csrc.nist.gov/groups/ST/post-quantum-crypto/documents/example-files/kat.pdf>

Larry put some instructions to you in the document to add some hyperlinks. Those instructions are still in the document. If you want to fix that whenever you are bored, that'd be great!

Thanks,

Dustin
