Hi, Ginger:

I understand that Lisa is out of office this week. Donna and I would like to meet with Chuck for 30-40 minutes, either today or tomorrow. I looked at Donna's calendar, it seems that tomorrow morning fits Donna's. Please let us know when will be a good time for Chuck.

The topics is about the IPR handling in call for submissions on quantum resistant cryptographic algorithms. We like to discuss different aspects and their implications/impacts.

Thanks,

Lily
