I've edited Jacob's summary. Please let us know if you think there are any important comments which we failed to discuss.

One thing that is probably worth adding:  
We clarified that submitters are not required to provide different parameters for all five security strengths. (we also changed the name from "target security strengths" to "security strength categories")

Is there anything major I left out? How much do I need to edit it for tone and style (I'm still quite new at writing government documents and could use guidance)
