**Subject:** Let's take a more manageable approach - First group of write-ups

Dear ALL:

I apologize that the current approach has become an unmanageable multi-party protocol. I understand that everyone is busy at the end of FY 16 and we can hardly manage such a massive e-mail attack.

Attached is a list about which one is included in the zip file. The zip file include the drafts we received for the write up. **We will consider this zip file as the first batch. Please send your comments to Quynh.** Then we will put the rest in the second batch **next Tuesday** for everyone to comment.

If you see any item is missing, or any item is wrong, please let Quynh and me know.

Thank you all and sorry for the massive e-mails.

Lily

But, if you could review the drafts sooner, that would be great.

Hi Elaine,

I originally asked for them by today. But, do the best you can!

When I receive all of the write-ups, I will initiate a comment period for all of the write-ups. Comments should be provided on each write-up separately and each submitter will send me his/her final version(s) after the comment period.

Hi all,  
Patrick asked Lily for an updated project list of FY2016 by September 2nd (this coming Friday).

1. Please review the attached list in Lily's email below and let everyone know any changes you would like to see in the list (including adding new items) by this coming Thursday.
2. I suggest you send out your project write-ups as soon as possible in September for reviews and comments. In your emails, please remember to state your requested comment periods (2 or 3 days). If you revise your write-ups and you are not sure that the comments you receive are solved yet, please send the revised write-ups to the commenters and work with them to perfect your write-ups.

I would like to have your final write-ups by September 29th.

**Subject:** FW: 2016 Annual Report - Need Project List Updated

The summer is over. About one month left for FY16. We need to start to plan for FY 2016 annual report. The first step is to look at the list of items we included in our FY 15 annual report and answer the following questions.

<!--[if !supportLists]-->1. <!--[endif]-->Does the item you authored last year have an update this year? Shall we still have this item in FY 16 annual report?

<!--[if !supportLists]-->2. <!--[endif]-->Shall the item merge with other item(s)?

<!--[if !supportLists]-->3. <!--[endif]-->Shall the item re-named?

<!--[if !supportLists]-->4. <!--[endif]-->Do you think any new item(s) shall be added to the FY 16 annual report?

<!--[if !supportLists]-->5. <!--[endif]-->If you lead or participate a project but it belongs to another group or another division, please also reach out to tell the updates you may have.

This is the first step. We will get the list for FY 16 before the end of this week. I would like to ask Quynh to lead the effort. From Patrick's e-mail below, you can see that our group has been a good team in completing our annual reports. I appreciate the effort Quynh and every one made in the previous years.

Thank you all for the effort.

Lily

**Subject:** 2016 Annual Report - Need Project List Updated

Hi Lily,

It's that time of year again. Today I am sending out emails to the division's group managers asking you guys to please take a couple of minutes to review the List you provided for me for the 2015 CSD Annual Report. I need this list of projects/programs with P.O.C. updated to reflect 2016 CSD Activities.

I believe none of your projects/programs from last year migrated to Kevin Stine's ACD.

Please update this list as best as you can of the program/projects that you would like to see in the 2016 Annual Report.

A decorative graphic on the left side of the page consisting of seven vertical bars of varying heights and shades of blue, ranging from light to dark.

Towards mid/late September I will start emailing all the program/projects POC with their 2015 write-ups and ask them to update them to reflect 2016 highlights/accomplishments.

Can you please review and make the necessary updates to your list (new projects/programs -please list any projects/programs should not be included please note which ones & if any project/program POC is updated please include as well) I would like to have this updated list returned back to me by this Friday, Sept. 2 by 12noon. I know once we hit Labor Day and after things are going to be rather hectic. I really would like to get this next Annual Report out by no later than April (preferably sooner) of next year. Your assistance is greatly appreciated I thank you in advance for your help & time. I also ask that you reach out to your folks and ask them to please assist with getting their project/program write-ups updated/drafted and turn to me by deadline I request (probably will be mid-October).

Last year I was dealing with a major hurdle (recovering from a car accident missed most of Dec/Jan in terms of work) so when I got back, I had to chase a bunch of people down for their write-ups. Your group I had no issues with because you guys sent me your write-ups as a 1-package deal within the deadline I set of late October last year. I wish the other groups can work like your group. Oh well.

Thank you.

Patrick
