I was just about to send you guys something to remind you.

Yes, 10 comps are available. Rene, Elaine, Shu-jen have asked about registering. It's up to you guys how to disperse the 10 comps. Just let me know who is getting them. And remind people that **registration will close Tuesday, October 11.**

FYI –

One author from each paper has registered **except** those listed below. Is it OK for me to begin follow-ups? Or did you want to continue emailing with authors?

Walnut Digital Signature AlgorithmTM: A lightweight, quantum-resistant signature scheme for use in passive, low-power, and IoT devices **Atkins Derek**

Side-channel Analysis of Lightweight Ciphers: Current Status and Future Directions

**Heuser Annelie + 3 others**

Any timeframe on posting the agenda? Registration closes one week from today. 49 have registered (list attached).

I am meeting with conference program team on Thursday afternoon @ 2pm to go over final details. Are any of you interested in going also? Or have questions for me to ask?

Thanks,

**Sara**
