What do you mean by distribute?

Basically, the only info that needs to be conveyed is that we are starting a "competition-like" process and they should check out our webpage www.nist.gov/pqcrypto, where we have draft submission requirements and evaluation criteria that we want public feedback on, and the deadline is Sept. 16th. They can sign up for the mailing list on our webpage.

I was wondering if we should distribute the long version of the announcement.

Hi, Rene and Ray:

Ray reminded me that we probably shall give a talk at the rump session about our PQC announcement. It is mainly just “an announcement” to let people look at our web site. One slide or two.

Let’s get together this week. 10-15 minutes will work.
