I have a sample Intermediate Values file, but I'm working on the KAT stuff. I'll have it all by Monday or Tuesday. Ok?

Larry,
Thanks for the API page. I'll get Sara to post it when we post the Call For Proposals. Do you have the other files that you are working on? (I think it's the KAT and intermediate values).

Here is text for an API page. I can work with Sara on format stuff, but she usually does a good job of it.

I don't see the doc with the changed text. Can you resend that?

Larry,

Just checking on your progress for documents that we can post on our webpage for

? Sample files for the KAT values

? Crypto API for implementations

We will need them on the website before the CFP is posted publicly sometime in the middle of June.

Also, I edited the document to allow zip files and USB flash drives in addition to cd-rom's and DVD's.

Can you check that I phrased things okay? They are mentioned in sections 2.B.3, 2.C, 2.C.2, and

2.C.4. I also changed the section from "Optical Media" to "Digital and Optical Media". Does that

work? Thanks,

Dustin

I was talking to a couple of people about this today. I have some ideas and will start working on it.

Larry,

Can you start working on creating the sample files for the KAT stuff? We'll also need to have a document describing the API. I don't know the best way to do it, but hopefully you do! Thanks,
Dustin
