OK. With the FRNs I've been involved in, Melissa Lieberman sends an email to the POC (not sure if that is you, Andy, or Vickie) providing the date it will be available for public inspection and the date it will be officially posted. Whoever gets that email, please forward to me so I have a timeframe of when the web pages need to be ready to go.

Thanks, Sara

Last I heard, she had the FRN package. Andy forwarded me an email from Jennifer Nist (the NIST lawyer who is working with us):

Hi Andrew! I just got the hard copy folder with the FRN – are the draft final submission requirements ready for OCC/NIST review? In the meantime, I'm checking with the attorneys downtown to see whether OMB has cleared the FRN.

Thank you, Jennifer

Not sure what it means with respect to timing.

Sara,

Ray sent me some minor changes to the FAQ. The changes are all tracked, so you can find them. Hopefully they aren't too difficult to make. Thanks!

**Subject:** FAQs

Dustin,

I just finished with the formatting of the FAQ page. Because of the fact that you click on the question to go to the answer, there are A LOT of *href* and *anchor* tags throughout the document.

If you update the current FAQs, please use track changes so I know what's changed and can just make the changes. Or just provide new questions if there aren't changes within the current FAQ.
