**Subject:** Re: request for travel Univ. of Malaga - Eurocrypt and affiliated events

Hi Lily,

Departure flight : April 25 (arrive April 26)

Return flight : May 4 (arrive May 5).

There is no conference in Malaga. This would just be a visit within the context of our agreement with them. I will give a talk there on April 27. Below is the invitation.

Regards, Rene.

>> mail from Javier Lopez

Dear Dr. Peralta,

Hereby I would like to cordially invite you to visit the Network, Information and Computer Security (NICS) Lab that I lead at the University of Malaga, from April 26th to April 29th, in order to give a seminar and discuss about eventual research collaboration opportunities.

Best regards

Javier Lopez  
Head of NICS Lab.  
Computer Science Department  
University of Malaga  
Spain

**Subject:** Re: request for travel Univ. of Malaga - Eurocrypt and affiliated events

Hi, Rene:

Can you please let me know the dates of your travel?

1. Departure
2. Return
3. During the time in Malaga, conference dates, the dates you will give a talk as a visitor to University of Malaga.

I will submit a travel request.

Thanks,

Lily

**Subject:** request for travel Univ. of Malaga - Eurocrypt and affiliated events

Hi Lily,

This is a request for travel to Eurocrypt and affiliated events. I plan to give an invited talk at the event "Fewer Multiplications in Cryptography". I would also attend two other Eurocrypt affiliated events, one on Block Chains and the other on Post-quantum Crypto.

Additionally, I spoke with our colleagues in Malaga today and they reminded me of their open invitation (within the scope of our cooperation agreement with them). They would like me to give a talk at their Network, Information and Computer Security Lab.  
So as to take one trip only, I propose to combine the two.

Proposed schedule below. Please let me know.

Rene.

Proposed schedule:

April 26-28 Univ. of Malaga

April 29 : Fewer Multiplications in Cryptography

April 30 : [Frontiers Of Quantum Safe Cryptography.](#)

[S&B -- Security on Blockchains](#)

May 1-4 Eurocrypt
