Donna,

I certainly can and think it's a good opportunity for me to get closer to this set of folks.

I am happy to do either or both sessions

Not sure about the executive steering committee and not sure what that entails.

Let me know and I will make travel arrangements and coordinate with Lily as well

Thanks

Matt

Subject: ETSI Quantum meeting

Matt,

Thanks for taking a look at the ETSI Quantum Safe Workshop meeting. The meeting takes place in London this year and is scheduled for 13 -15 Sept. There is an executive session on the 13th and I am scheduled to speak at 11:40 on a panel – Public Sector Views on Quantum Computers and Threats to Governments. Michael Groves is chairing. On the 14th, I am speaking at 9:10 am on the world tour and was asked to provide a US update. Lily is chairing two sessions and speaking. The link takes you to the workshop.

My questions to you: Would you like to take my place at this event? Would you like to join the executive steering committee of the workshop?

Thanks,

Donna
