We need that info to be there for accessibility. Plus it helps with information retrieval on the site.

Description tab:
-Title
-Author (don't have to list everyone—could be the submitting organization or first few submitter names + "et al."
-Subject: abstract or brief description—could be just one sentence.
-Keywords: one or more keywords, separated by ";" – could be as simple as "NIST; post-quantum crypto; [algorithm name]; KAT files"

Subject: Zip Files - Starting to review

Hey Jim,

PQC Submissions: Regarding the PDFs that are within the zip files (cover pages, statement patents, statement implementations) that are signed by the submitters – should I be going in and entering properties to their files (title, author, subject and keywords)?
