Hi, Dustin:

Are you available on March 23? After we gave the talk at National Academies of Science Cyber Resilient Forum, we are invited to give a talk on a committee on Technical Assessment of the Feasibility and Implications of Quantum Computing on March 23. **Can you give the talk? I think we can use the slides we gave last time, unless you like to change.**

As you know that I agreed to go Tokyo to give the talk at The Third Asia PQC Forum in person. I will be in Tokyo that day.

I am sure that you will give a better talk in both places. But this time, we split this way for March 23.
