Thanks. New version, with new title, is included in NIKE and folder that is with Division Chief.

Sara

Subject: Re: New Version of Paper

Hi Sara –

If those are the notes from the internal reviewers (Yi-Kai or Xiang) then it's ok – I've already gotten an electronic version of them and gone through them.

Here's the final copy of the paper, which we've retitled as "Graphical Methods in Device-Independent Quantum Cryptography." (Sorry if the re-titling causes trouble – we did that because we found about some existing work on the same topic, so we wanted to limit our scope.)

Let me know if you need anything else for this paper. Thanks!

-Carl

Subject: New Version of Paper

Hey Carl,

You mentioned working a new version of one of your papers this morning. Would that be Graphical Methods in Quantum Crypto"? I just received the folder back from Lily and there were a number of red edits noted within the paper.

Sara
