Ok, it's done! I used the online NIKE system to approve it.

Cheers,

Hi Sara,

Thanks! I read the paper, and I can approve it with suggested changes. (Do I need to use the online NIKE system to approve it? Or are we just doing the paper forms?)

Cheers,

Subject: Carl Miller's WERB Paper

Hi Yi-Kai,

Carl has listed you as the Division Reader for his paper, "Graphical Methods in Quantum Cryptography". Stephen said you may be spending more time of UMD next week so I'm sending an electronic request for approval. After your review, please reply with one of the following responses, which will serve as your signature on the NIST WERB form:

- Approve
- Approve - suggested changes
- Approve - changes have been agreed to by author
- Approve - only if specified changes are made
- Do Not Approve

Have a good weekend,
Sara
