Pqcrypto is specifically Monday through Thursday next week (The 26<sup>th</sup> through the 29th), so if I don't get to the review this week, I'll probably end up getting it to you somewhere midway through the week after next.

Hi Ray –

Ok, thanks. Would two weeks be a reasonable time frame?

Have fun at PQCRYPTO! I'll be conferencing next week too.

I can do a WERB review. I might not have time to get to it before pqcrypto next week.

Hi Ray –

I've written a new paper about quantum cryptography, and I'm looking for someone within our division to do a WERB review. Yi-Kai mentioned you might be a good person to ask. Is there any chance you might be available to do a review? Paper is attached.

Hope things are well!
