---

Sara – is the below okay?

Everyone,

This pqc-forum mailing list is being converted to a google group. If you are already a member (which you must be to be reading this message), your info will be automatically carried over. There are two main changes:

- To send a post, you need to send it to [pgc-forum@list.nist.gov](mailto:pgc-forum@list.nist.gov) (instead of [pgc-forum@nist.gov](mailto:pgc-forum@nist.gov)). If you forget to do so, you'll get an email reminding you of the new address to send it to.
- The archives of the forum will be available to members. Previously, the archives were not able to be viewed by members. So this is a good change!

To view the archives, you must have a Google account. If you do not currently have a Google account, you can sign up using your current email address at: <https://accounts.google.com/SignUpWithoutGmail>. A Gmail account is not required.

The archive is available at: <https://groups.google.com/a/list.nist.gov/forum/#!forum/pgc-forum>

You can also modify some of your settings at the pqc-forum google group by visiting that link as well.

Updated instructions for how to subscribe/unsubscribe are now available at: <https://csrc.nist.gov/Projects/Post-Quantum-Cryptography/Email-List>

Let me know if you have any questions. Thanks,

Dustin Moody
