FYI – Dustin moved pqc-forum over and it's been pretty seamless except for letting members know they have to add "list" to the email address now lwc-forum@**list**.nist.gov. Once it's set up, let me know and I'll update that web page.

Let me find that handout.   You just ask them to transfer to the new Google Groups platform.   Hang on a sec.

Ok, sorry to bug you with this.   What do I need to do to get set up as the admin for the new list server? Looks like we'll need to update the following: https://csrc.nist.gov/Projects/Lightweight-Cryptography/Email-List
