Date: Tuesday, July 18, 2017 5:22:00 PM

Dates: Leave sept. 30, return October 6th

Registration/hotel: If I read this right, it's 50 Euro per day:

<https://www.dagstuhl.de/programm/dagstuhl-seminare/kosten/>

Location: Yes, fly to Frankfurt. Note we will need train and taxi both ways, I think it's somewhere on the order of \$100 Euros each way all told.

Subject: Schloss Dagstuhl Quantum Cryptanalysis Seminar

Hi, Daniel and Ray:

I need some more information for the travel requests.

Dates: October 1-6 (Which day do you need to leave? September 30? I assume you will return October 7)

Registration: Do they charge registration fee?

Hotel: Estimate a room rate, please. (They have the facility. The cost per night for how many nights.)

Location: Dagstuhl, Germany (I guess you will fly to Frankfurt, right? I need to estimate airfare.)

Thanks,

Lily

Hi, Lily,

I am planning on taking Dustin place at the Schloss Dagstuhl Quantum Cryptanalysis Seminar from October 1 through October 6. I still need to verify with one of the organizers, but it shouldn't be a problem. Can I request this travel in the next cycle?

The last time I attended this seminar in 2015 it was very productive. There are at least 5 papers that have their roots there. It is a valuable place to work with experts, and I anticipate that this year will be even better.

Please let me know if there is any other information I need to provide. Thanks!

Cheers,
Daniel
