Hi, (b) (6)

Dustin usually has an early comes in and early departure schedule. He leaves before 4:00 pm. Elaine will leave at 4:45pm. Meltem can stay later but not too late. Why don't we reschedule the meeting?

Hi Lily,

Would it be possible to meet later in the day? Maybe 4 or so? As long as I am not making people stay longer than they otherwise would, later is better.

Thanks,
