That's fantastic!! Matt – you are a natural and frankly, I felt my blood pressure go down when you told me to breathe.

Congratulations!
Marian

Subject: Award for PQC video

Folks,

I wanted to share that some of our PAO colleagues, and Matt Scholl, recently received an Academy

of Interactive & Visual Arts (AIVA) Communications Award of Distinction for Video Animation for the video on Post Quantum Crypto.

<https://www.nist.gov/about-us/nist-awards/pao-itl-receive-2022-communicators-award-distinction-video-animation>

The video provides great content for teasing Matt, who was considered the on-air talent! But, more importantly, it provides a great way to present a deeply technical topic in an easily consumable and understandable way for many audiences.

If you haven't already watched the video, it is definitely worth the 3 minutes!

Thanks!

Kevin
