Subject: optical media

Jacob,

If the spreadsheet is correct, you're good with all but LEDAcrypt and Round5 for the optical media/KAT's, right? I see your communication with LEDAcrypt, so we're moving towards getting it. What about Round5? I haven't seen any emails to them. Have you checked with them for whatever the issue is? Thanks,

Let me know if you need help for this part, or your other reviews.

Dustin
