Subject: Updated submissions on sharepoint
Date: Monday, April 1, 2019 11:32:01 AM

I've uploaded all the received submissions to the "Submission Packages\all" folder. The "_clean" folder is out of sync right now, will let you know once it is updated.

As a side note, only three submissions did not make any amendments in the March deadline: siv-tem-photon, lotus and locus, and spoc.
