Subject: 2-3 slides on Threshold
Date: Wednesday, February 27, 2019 5:00:00 PM

I promised Mike to provide some slides for Matt for a side meeting at RSA conference next week. I am trying to highlight three directions, PQC, Lightweight, and Threshold.

If you have existing slides, can you please share with me, I will choose 2-3. What I think we shall include is (1) the objective of the project; (2) what we have done (IR, etc.) (3) what is next (e.g. conference).

Thanks,

Lily
