Oh no – I did!! 😊 I had several from him that were just to me, and didn't see the one sent to the group.

I just received an email from Daniel Apon on the internal-crypto mail list. I am definitely on the list now, just not sure about before.

Thanks again!

Angela

I just checked and there's nothing in my Junk Email folder. I did receive an email from Jacob on Feb 8 about qTESLA which was sent to the internal-pqc list. However, I have nothing from him besides that.

I'll be on campus tomorrow. Perhaps the troubleshooting will be easier in person. Thanks for your help!

Hey Angela,
Can you check your junk and/or clutter boxes for that Feb 8 message from Jacob? According to the admin logs, it was sent to you.

Let me know,
Sara

Hi, Sara,

I see that Angela is on the alias/distribution list. I then searched the logs and I see that on 2/8 Jacob Alperin-Sheriff sent a message to the internal-crypto address and it was successfully delivered to Angela...

Hi,
Could you please add angela.robinson@nist.gov
to the alias internal-crypto@nist.gov

I thought I requested her to be added last month, along with Daniel Apon, but when a message went to the alias last week, she said she did not receive.

Thanks,
Sara
