Elaine,

As you heard during the TWG meeting, I've been struggling to find time to finish the FIPS 186 FRN and the related documents (the action memos) for the FIPS package. Lily thought you might be able to help.

The basic situation is that we have a complete draft of the FRN and action memos, but they still need a fair bit of clean-up to make them suitable for public release.

Do you have some time you could put towards this? And if so, do you mind if I set up a time for us to talk on Thursday or Friday this week, so I we can talk through where we're at and what needs to get done?

Thanks  
Andy
