I suppose NIST or just us is fine. I was thinking with the 7<sup>th</sup> grade student focused on cybersecurity and her mother.

Thanks for the follow up. Yes, I am interested. Is this with the NIST folks or with the students or just us? If it is NIST or just us, I propose the 3<sup>rd</sup>.

Regards,

Donna

Hi Donna,

I'm sure you are extremely busy these days and I hope the home remodel is coming to a close! We are preparing to head out for Crypto and the PQC Conference soon. I just wanted to circle back around to find out if you are still interested in dinner after Labor Day. The evenings of September 3,4,5 all work for me. The following week is also flexible.

If September turns out to be a bad month, that's okay too.

Kind regards,  
Angela
