I know – it would be nice to see the faces and network during the breaks!

FYI – Cafeteria renovations are scheduled Spring 2022 – Fall 2023 that's why conference program was trying to gauge how many in-person meetings there would be so they could start looking at other venues.

The topic is Privacy-Enhancing Cryptography. If there is no cafeteria at that time, we would likely push it to 2023 (my preference anyhow). I am really tired of virtual meetings!

Thanks Sara,

Rene.

OK, some things to consider –

        How many days?
       There will be no NIST cafeteria at that time. If it's multiple days, it might be worthwhile to consider off-site (of course at a cost)
       Will it possibly be hybrid (in-person / virtual) or only open for in-person?

For my information – what is the topic?

We are thinking an in-person workshop no earlier than the Fall of 2022.
We would just use one of the auditoriums.

Regards, Rene.

I'll always take the answer just so I know about it!   However, the poll by the conference office closed on Friday.

Sara

Hi Sara,

Are you still taking answers to this email? I am meeting today with
Angela and Luis, and we have been discussing a possible workshop...

Let me know, Rene.

Subject: Potential Conferences Spring 2022-Fall 2023

Dustin / Kerry / Meltem,
The conference program office sent out a data call for potential event requirements for Spring 2022 through Fall 2023. This is due to the cafeteria undergoing renovations during that time period. I believe both PQC and LWC will hold another meeting during this timeframe. I included Rene and

Morrie in case they have plans to hold anything in-person.

Please answer the following for any potential meeting that would involve in-person attendance:

         Format: In-person | Hybrid (in person and virtual attendees)
         Timeframe: Spring 2022 | Summer 2022 | Fall 2022 ETC
         Space: Auditorium | Auditorium + breakouts
         Catering: AM/PM Breaks | Lunch | Reception | Participants on their own (select all that apply)

Please let me know by Thursday, August 5.

Thank you,
Sara
