Subject: AWS Invent

Hello,

Hope all's going well. The AWS Invent announced their agenda. It's Nov28-Dec3. There are a couple of activities that we may find interesting, esp AI/ML (lots on it), Quantum, Block chain, IoT, etc. Its offered live and virtual (free). Is it okay to forward this atleast to 773.02, in case they have interest to attend virtually? Perhaps other groups may find some topics interesting.

I will plan to attend a few sessions virtually!

Thanks
