Hi Lily –

I think this is the more recent spreadsheet for Honghao Fu's funding – please let me know if you need anything else.

Hi Lily –

I updated the spreadsheet – how is this? The summary I only modified a little – it's still accurate to what Hong and I are doing. (I debated between the title "Building Tools for Quantum Random Number Generation" and the title "Building Tools for Quantum Cryptography", and in the end went with the more specific title.)

Hi, Carl,

Can you please generate a new spreadsheet based on the last year's for the graduate student?

Thanks,

Lily

Hi Lily,

I will need a new QUICS Budget Worksheet for the funds you need to transfer. The attached is just an example. Jacob Taylor is the contact for the program and I believe either you or Carl ran the previous one we processed through Jacob.

I will need the new budget worksheet to attache with the work order.

Please note that the division office should reflect 773 – Computer Security, show Matt as the chief and me as the AO. I would recommend using your cost center 7731015-000.

Thanks,

Kim

Thank you! Please see the attached work order and budget worksheet for QuICS funds transfer.

Are you going by Pat or Patrick?

Kim,
Vanessa Velisek was reassigned as the new 684 AO, (b) (6)
[REDACTED] In the interim, I am the acting 684 AO, so you can
work with me on this.

We're gearing up for JQI income transfers now, so this is good timing.

Patrick

Good Morning Pat,

Do you know if there is someone who has taken over for Suzanne Duvall? Please see my email below to Jacob Taylor

Thanks,

Kim

Subject: QuICS Funds

Good Evening Jacob,

I am the administrative officer for the Computer Security Division. I have a work order ready to go for transferring QuICS funds. The NIST contact last year was Suzanne Duvall. I received an email response saying the email was not valid. Do you know if there is a new NIST contact?

Thanks,

Kim
