You're more on top of things than I am, apparently =)

Is "CA" the shipping order?

Hi Daniel,

I have already picked them up and sent them to CA.

Hi Daniel,

We will need the completed and signed NIST Form 223 in order to complete this request.

Please send it to: printjob@nist.gov.

Hi Vincent,
CC: NIST Printing and Zuzana,

Yes, the attached PDF looks great. It is OK to Print.

Zuzana has more information about the 223 form (I think she has either sent it separately, or we have filled it out and are awaiting approval from higher up before sending it).

Also, please note: We really need this **printed in time to ship out by tomorrow, Friday 2/15** if at all possible.

(And my sincere apologies for the rush surrounding this order; the last-minute pace of this was unfortunately unavoidable on my end this time. I blame the shutdown backlog.. :))

Thank you so much,
--Daniel

Good Morning,

Please review the attached pdf proof and let me know it is OK to Print

Please get me a completed 223 form so I can process this order

Thank you

Dear Vince / NIST Printing,
(Note that I am teleworking and out of the office today, but I am available by email)

Following up on our previous conversation yesterday, here is the flyer that I would like to be printed.
(.pptx and .pdf attached -- .pdf is to ensure that the approximate spacing/coloring is understood by you as we've intended)

Recall that the goal is to print 250 copies in well-formed clear color on 8.5x11 plain paper, and have the entire package shipped to..

TO: ACM/FPGA JLateulere
c/o Embassy Suites by Hilton Monterey Bay Seaside:
1441 Canyon Del Rey
Seaside, CA 93955
Hold for FPGA Conference Feb. 24 - 26, 2019

I am now beginning the process of completing the requisite NIST-223-form with Zuzana (CC'd here, along with Lily, our group manager), and I will send that to you shortly -- please excuse any additional messages on this thread prior to that form being sent, as they need to occur..

Thank you so much for what you're doing for us!

Subject: Printing flyers to hand out at a conference (in ~1 week..)

Hello NIST Printing!

I spoke with Denease briefly on the phone earlier today, and I'm emailing to start the process for a print job..

I am attending FPGA2019 (February 23-26, 2019) in order to advertise for NIST's PQC project. The conference chair has invited me to put together a flyer (e.g. 8.5x11 plain paper) to be handed out to attendees in their welcome packets at the conference.

His specific instructions to me were to print 250 copies and mail them to

TO: ACM/FPGA JLateulere
c/o Embassy Suites by Hilton Monterey Bay Seaside:
1441 Canyon Del Rey
Seaside, CA 93955
Hold for FPGA Conference Feb. 24 - 26, 2019

He said that the package of 250 flyers would need arrive by Thursday, February 21 in order for them to be handed out to FPGA2019 attendees.

After speaking with Denease, my plan is to put together the 1-page content of the flyer (in the next 24 hours or so..), send that to you – and then hopefully, there is sufficient time to get the flyers printed and shipped to arrive by next Thursday in California..

Please let me know if this is possible, and what other steps I can take to help expedite this job.

Thanks so much; looking to hear back from you soon,
--Daniel Apon (Bldg 222, Rm. B363, internal phone: x5375)
