Understood. Thanks for letting me know. I'll see if we have critical mass and include you on any future meetings.

Thanks,  
Andy

Thanks Andy. Unfortunately, I will not be able to work around the conflict. I have to lead a discussion for one part of the TSAG meeting and so cannot duck out of that. If this is the only time that works, please go ahead without me and I can connect with you later.

Ajit-

I know I scheduled on top of TSAG Prep on your calendar, but I'm hoping you can accommodate this time. Let me know if you can't, though.

This is a tough group to schedule around.

Thanks,  
Andy
