Yes, 2-2:45 would be great. Are you at (b) (6) ?

I go until 2 then open then. Can we squeeze in 2 to 245?

Thanks, Matt! Sounds great! Would 1:30 work? Or 1:45? I have a meeting at 3 here in (b) (6).

Hi Matt!

I hope you're doing well. As Robin probably mentioned to you, I am working on a NIST feature article on quantum information science and I would like to include ITL work in this area.

Are you free for an interview sometime this week or next? I would need maybe about one hour of your time. Let me know!

Ben
